SUMMARY

A creative and motivated student seeking a UX Designer position to leverage my design skills and passion for user experience in a dynamic and challenging environment.

SKILLS

- Proficient in design tools such as draw.io, Adobe XD, Illustrator, InDesign and Photoshop.
- Knowledge of user research methodologies, usability testing, and interaction design principles.
- Familiarity with web development technologies (HTML, CSS, and JavaScript) and their impact on UX design.
- Experience with programming languages such as C++, Java, and Python. • Strong understanding of the Software Development Life Cycle (SDLC). • Strong attention to detail, creativity, and problem-solving skills.
- Excellent communication and collaboration skills with cross-functional teams.

EDUCATION

Bachelor of Science in Computer Science

Weber State University, Ogden, UT 84408

Expected Graduation Date: April 2025

RELEVANT COURSEWORK

- Programming Languages
- Database Systems
- Software Engineering
- Web Development
- Mobile Application Development

PROJECTS

- Conducted a usability testing study on an instruction set and presented findings and recommendations for improvement.
- Designed an application for a hotel booking system, including user research, and wireframes.
- Created a responsive portfolio website using HTML, CSS, and JavaScript to showcase design projects and skills.
